

TEC was established in 1992 by Engr. Siddiq-ur-Rehman Rana (China) Flt.Lt (Retd) to facilitate the investors in Setting up innovative industry and Business with China.

Have set up Rs. Multi Billion investment Soda ash, Ethanol, H2O2, total 23 projects & considered the highest performance industrial consultancy in the country.

Have introduced four pillar approaches: Main frame from China, High tech from G20, local fabrication and Professionals role from feasibility till production

TEC - Engineering Consultants specialize in Setting up green field projects, industrial zones or SEZ from - Feasibility study till boiler firing.

TEC also Specialize in Business with China – Directly with RDI, manufacturers in China, hybrid production line, process by blending from G20, Transfer & adaptation of technology. TEC also work for upgrading existing industry

TEC Directors; Bimal Rehman (Technical), Taniya Rehman (IT), Asad (Finance)

There are thousands of organizations for investment guidance in real estate, stocks and none for industry. **Institution building for industrialization is proposed:**

- i. Setting up “Industry Resource Centre” BKIT (Bank/Finance, Knowledge, ICT/IT, training) under one roof for ease of doing business.
- ii. Setting up Biotechnology Centre of excellence for implementing Maize, sugarcane based 45 Bio projects industrial park, SEZ/STZ
- iii. “Knowledge value chain” for creating knowledge eco system.
- iv. Knowledge shop and knowledge corridor with G20 countries
- v. Webinar for presenting the research & projects to top 500 entrepreneur
- vi. Setting up incubation Centre, pilot projects,
- vii. Academia- Industry – Govt helix, SME development Centre

We have developed export led projects based on major crops keeping in view 30 to 50 years world demand; with 60 to 80% local equipment:

- i. Maize based 20 Bio projects industrial cluster, SEZ by attracting investment from China, EU, G20 countries.
- ii. Sugarcane based 25 bio projects industrial park or SEZ by attracting investment from China, G20 countries.
